Synergy's Maximum Protein is an all-new, custom-formulated meal replacement. This deliciously chocolate flavored shake is filled with the world's highest quality, hand-selected ingredients and is powered by decades of science and research.

Each serving is fueled with 15 grams of protein, 2 grams of fiber, and cold-pressed, organic flax seed that helps curb the appetite while contributing to a feeling of fullness.

The Smart Way to Diet

Healthy eating, exercise, and supplementation are fundamental factors that direct a smart and successful weight management plan.

Maximum Protein satisfies hunger and fuels your body with 35% of the recommended Daily Value for 18 vitamins and minerals - giving you many of life's vital nutrients to sustain energy levels throughout the day.

In just 130 calories per serving, Synergy's Maximum Protein will sustain energy levels, carry you through your next meal, and deliver essential vitamins and nutrients to maximize every hour of every day.
