CORE NUTRITION ELITE PACK

2 Mistica, 1 Core Greens, 1 ProArgi-9+ (Mixed Berry or Citrus Berry)
\$169 • 150 CV

Reinforce your nutritional foundation by addressing the core of your health needs with strengthening and detoxifying formulas. Ensure that your basic nutrition needs are covered and you'll discover a renewed sense of vitality in everything you do. Whether you're in your 20s or your 60s, making the Core Nutrition products a staple in your daily routine will complement your health regimen. Drink in the good and eliminate the bad for stable health.

Mistica is a proprietary blend that is rich in free-radical fighting antioxidants and is loaded with essential fatty acids. By neutralizing free radicals, the antioxidants aid in countering cell inflammation and premature aging. Mistica also contains essential fatty acids that aid in digestive tract function, phytosterols that help maintain normal cholesterol levels, and anthocyanins that support cardiovascular function.

Core Greens are packed with the goodness found in fruits, vegetables, herbs and grasses. For those who do not consume the amount of phytonutrients their bodies crave on a daily basis, Core Greens Capsules can help in meeting daily

nutrition guidelines. Through Green Fusion Technology—an advanced process that concentrates chlorophyll—you can absorb all the benefits of Core Greens' ingredients. Chlorophyll has been shown to protect healthy cells, support immunity and act as a natural deodorizer.

ProArgi-9+ is a powerful blend of amino acids L-arginine and L-citrulline, and a potent mixture of vitamins and minerals. L-arginine is the star ingredient of this formulation and has the scientific properties to convert into nitric oxide, a molecule that enhances the cardiovascular system. The far-reaching benefits of ProArgi-9+ have solidified its reputation as a powerful tool for overall elite health.
