

ELITE HONORS

SYNERGY

Qualify for the Elite Honors Club to realize the potential of Synergy's Compensation Plan.

To qualify, build a business with the following in each calendar month:

- **150 CV Personal Volume**
Have an active Autoship template and 150 CV in personal volume.
- **300 CV New Activation Volume**
Activate two new Team Members at 150 CV or 1 new Team Member at 300 CV.
- **500 CV Customer Volume**
Generate and maintain a pool of 500 CV in monthly customer volume.

Completing these three steps and teaching your team to do the same will put you on a fast track to residual income with a strong business foundation. It's that simple.

EARN \$500+ IN THREE MONTHS

Drive rank advancements and increase commission checks with the Elite Honors Club. In as little as three months, new and existing Team Members can earn more than \$500 in residual income by using its principles to model recruiting behavior.

HERE'S THE MONTH-BY-MONTH SNAPSHOT:

- **Month 1:** You become Elite Honors qualified and earn \$175.
- **Month 2:** Help your newly activated Team Members become Elite Honors Qualified, and remain Elite Honors Qualified yourself. By doing this, you will earn at least \$300.
- **Month 3:** Continue this pattern by helping those who were activated in Month 2 to become Elite Honors qualified. Help those who you've enrolled to maintain their Elite Honors Qualification while maintaining your own. In this successful third month you will have earned more than \$500.

See reverse for the Elite Honors worksheet. Use it yourself and help the members of your team to chart their steps to increased earnings and a strong Synergy business.
