## HERE'S HOW IT WORKS:

- The Title Plus promotion begins February 1, 2017 and runs through December 31, 2017.
- Each time you earn a new, highest personally achieved pin level you will receive a cash bonus!
- The point when the new level is reached will kick off a three-month reward period where you can earn the same cash bonus again and again for the following two months!
  - If you drop below the new rank for month two, but reach it again in month three, you will earn the pin level reward (the cash bonus) for month three only.
- In addition to the cash bonuses you earn for hitting and maintaining a new title, Synergy is offering a **matching bonus!**
  - If you maintain the new pin level or higher for all three consecutive months within the promotion period, you will get the matching bonus.
- At the Team Leader through Team Elite levels, to earn the matching bonus you must also be Elite Honors Qualified for one of the three months. See below for Elite Honors Qualification details.
  - The matching bonus will be equal to the sum of the three month's pin level rewards at that new pin level. That's double the money!
  - Keep in mind that if you do not maintain the pin level or higher for the three consecutive months, you will lose the entire matching bonus amount for that new pin level, so don't let your level drop!
- If you ascend multiple ranks, your rewards will compound. In other words, you will be paid for every pin level you reach!
- To qualify for the rewards of the Title Plus promotion, you must meet your Standard Personal Qualification in the qualifying month.\*

You can earn as many new Title Plus bonuses and matching bonuses as you are able to achieve during the promotion period.
