You can earn as many new Title Plus bonuses, matching bonuses and fourth month bonuses as you are able to achieve during the promotion period. Don't waste any time!

- The Title Plus promotion began February 1 and runs through December 2017. The enhancements take effect beginning July 1.
- Each time you earn a new, highest personally achieved pin level you will receive a cash bonus!
- The point when the new level is reached will kick off a four-month reward period where you can earn a cash bonus again and again for the following three months!
- If you drop below the new rank for a month, but reach it again in month three or four, you will earn the pin level reward (the cash bonus) for month three or four only.
- In addition to the cash bonuses you earn for hitting and maintaining a new title, Synergy is offering a **MATCHING BONUS!**
- If you maintain the new pin level or higher for all three consecutive months within the promotion period, you will get the matching bonus.
- If you maintain the new pin level or higher for a fourth consecutive month beginning July 1 within the promotion period, you will also get the fourth month bonus!
- At the Team Leader through Pearl Executive levels, to earn the matching bonus and fourth month bonus, you must also be Elite Honors Qualified for at least one of the first three months. See below for Elite Honors Qualification details.
- The matching bonus equals to the sum of the three month's pin level rewards at that new pin level. That's double the money!
- The fourth month bonus is equal to one more month of pin level rewards (the monthly cash bonus) plus one more matching bonus!
- Keep in mind that if you do not maintain the pin level or higher for the three consecutive months, you will lose the entire matching bonus amount for that new pin level, and you will miss a chance to earn your fourth month bonus. Don't let your level drop!
- If you ascend multiple ranks, your rewards will compound. In other words, you will be paid for every pin level you reach!
- To qualify for the rewards of the Title Plus promotion, you must meet your Standard Personal Qualification in the qualifying month.*
